## 2018-2019 ANNUAL REPORT

Investing in our students

[sunnyvaleeducationfoundation.org](http://sunnyvaleeducationfoundation.org)

Hello friends,

As a former mayor, it's rewarding to see all the great companies moving into Sunnyvale, bringing jobs that invest in our community. It's also rewarding to see some investing in our schools by becoming sponsors, and others continuing to partner with SEF to help us bring a high-quality, enriched education to all students. We are honored to continue our great relationships with Google, LinkedIn and Bosch, and this year we are pleased to add Sares|Regis to our list of partners.

Like the companies that are investing in Sunnyvale, SEF invests in Sunnyvale's students to build a better future. We funded books for libraries, supplies for maker spaces, equipment for robotics and classroom escape rooms, materials for 3D printers, opportunities for after-school math enrichment, fees for science camp, and more. We invested in great educators this year, too, with the inaugural Teacher of the Year Awards.

As we begin our fifth year of operation, the all-volunteer SEF organization continues to strengthen and to build on its success. I deeply appreciate the energy and enthusiasm of our board members, who generously support SEF with their time, expertise and financial contributions. We continue to develop great relationships with members of the community, and the Sunnyvale School District remains an essential and valuable partner in everything we do.

Of course, it is impossible to invest in anything without funds. Overall fundraising this year was down, which was expected because of a one-time major donation in the 2018 fiscal year. Excepting that, fundraising for fiscal year 2019 was up 40 percent year over year, with steady increases across all donor categories.

To ensure we are able to allocate funds in a thoughtful manner, we have fully transitioned to raising funds one year and carrying them over to spend the next, giving our stakeholders the certainty of knowing when they ask for our support, we can provide it.

We look forward to increasing our investment in Sunnyvale students in the coming year. They are definitely worthy of it, and I hope you'll consider making an investment in them, too.

Working together for our kids,

Melinda Hamilton  
President
